Dear Ms. Phipps:

**COMMENTS ON THE MITIGATED NEGATIVE DECLARATION FOR THE
PROPOSED GREENGATE FARMS PROJECT**

The California Department of Transportation (Caltrans) appreciates continued coordination on the Green Gate Farms project. Caltrans supports TR-1 mitigation identified in the document which requires the applicant, at the time of application for construction permits, to widen SR 227 at the intersection and provide left-turn channelization. Thank you for identifying that the facility will be constructed through an encroachment permit from Caltrans. As mentioned in our August 31, 2015 letter, we request that the county require the road improvements to be constructed and completed prior to the project's commencement.

If you have any questions or concerns, please feel free to contact me at (805) 549-3800 or Melissa.streder@dot.ca.gov.

Sincerely,

A handwritten signature in cursive script that reads "Melissa Streder".
